

## MACEO IS ALIVE!

Reports That After All Maceo Has Not Been Killed.

### REJOICING STOPPED IN HAVANA.

Gen. Lee Goes Back to Havana With a Heavy Heart.

### HIS SYMPATHIES ARE WITH CUBA.

Jacksonville, Fla., Dec. 17.—Maceo is alive. The reports to that effect are absolutely reliable. The full particulars are not yet in. Even the Spaniards admit that Maceo is not dead, and their headquarters are gloomy today.

Key West, Fla., Dec. 17.—Passengers who arrived here last night from Havana report that Antonio Maceo is alive and well, and is in the province of Matanzas. The passengers say that all of the festivities that were going on in Havana to celebrate his death have been ordered stopped since it has become known that he is alive.

### WITH A HEAVY HEART.

Gen. Fitzhugh Lee Will Return to His Post at Havana.

Washington, Dec. 17.—Gen. Lee goes back to desolate Cuba with a sad and heavy heart. Those familiar with the character of the well known Virginian know that he is not at this particular time the least bit in love with his job.

Gen. Lee was long enough in Havana to thoroughly acquaint himself with the unhappy condition of affairs as they exist on the stricken island. He noted the heroic and self-sacrificing struggle of the brave band of patriots for a free government against a cruel and superior force.

### SAUCY THREE FRIENDS.

Ineffectual Attempts of Federal Officials to Intercept Her.

Key West, Fla., Dec. 16.—The steamer Three Friends, which left Fernandina at 4 o'clock Monday morning with sixty men and a great cargo of arms and munitions for the Cuban insurgents, has apparently eluded not only the government officials and Spanish spies, but the United States cruisers Newark and Raleigh as well. The Newark and Raleigh left here hurriedly yesterday under orders to intercept the Three Friends, but their mission has apparently been unsuccessful, for the filibuster was sighted off this city at noon today, going southwest at a high rate of speed. Not only was the Three Friends plunging forward under a full head of steam, but every stitch of canvas was set, and she must have been making seventeen knots an hour. The filibuster was far out in the Gulf, but was plainly visible through marine glasses from the top of the city hall. Not another vessel was in sight.

The City of Key West arrived last night about 7 o'clock from Miami. Capt. Bravo states that he saw the Rawleigh this morning at 7 o'clock to the northward of Fowey Rocks lighthouse heading in on the lands, apparently. She came in to find out about the City of Key West. She then turned and headed to the northward, going at a good speed. About noon, when off Alligator Light, Capt. Bravo saw a vessel about ten miles out in the gulf, which he took for the Newark, bound south. She was apparently being driven under full steam, as dense columns of smoke were issuing from her smoke stack all the time after being in sight for about an hour. She either changed her course or went further out in the gulf.

From Capt. Bravo's statement it is evident that the Three Friends has eluded the cruisers. It is supposed the filibuster will land her cargo on the coast of Pinar del Rio tonight.

The report that canoeing was heard near here this afternoon, supposed to be the Newark firing on the Three Friends, appears to have no foundation.

Ralph de Paine, the well-known newspaper correspondent, is said to be on board the Three Friends.

Could Not Catch the Three Friends.—Washington, Dec. 17.—The cruiser Newark returned to Key West yesterday forenoon. She reported to the navy department that she had been unable to overhail the filibuster "Three Friends."

### NOT VALID

A Senatorial Appointment by Governor Bradley After March 4.

Washington, Dec. 17.—"The card of Gov. Bradley on the senatorial situation contains nothing new," remarked Senator Mitchell, chairman of the committee on privileges and elections. "The precedents he quotes," continued Senator Mitchell, "were fully discussed in the senate for two sessions in the Maule case and after the fullest deliberation a majority decided that no vacancy existed within the meaning of the Constitution and, therefore, the governor could not appoint."

The case of Pasco referred to by Gov. Bradley is entirely unlike the case presented by Kentucky. And,

besides, no question was raised in the Pasco case. An extraordinary session of the Kentucky legislature possesses the same power to act as a regular session, and this view is entertained by a number of leading senators with whom I have talked on the subject. It is immaterial whether the extra session of the Kentucky legislature is held before or after the 4th of March, but it strikes me that the legislature should elect Senator Blackburn's successor before the 4th of March, so that the senator-elect may enter upon his term on the 4th of March.

### JOHN L. JOHNSON,

The Alleged Thief Housebreaker on Trial.

Other Matters in the Police Court To-day.

John L. Johnson, colored, is on trial in the circuit court today for grand larceny. Johnson, it will be remembered, is charged with breaking into Mrs. Irene Cox's residence and stealing some carpets, cloaks, etc., assisted by Will Skelton, it is alleged. ### CHARITY BALL.

A Large Crowd at the Palmer Last Night.

The Proceeds Will Give Many An Unfortunate a Happy Xmas.

A more elaborate and perfectly successful function than the charity ball given last night at the Palmer House for the benefit of the Geneva fund and suffering humanity, could not easily be imagined.

Socially as well as financially it was a thorough success, and there were seventy-five or eighty in attendance. The costumes were pretty and attractive, and everything conducted to the enjoyment of the evening.

The proceeds are quite gratifying.

### MILITIA CALLED.

Report That There Is Martial Rule

At Barlow City, Ballard County.—Could Not Be Verified.

A report was brought to the city this afternoon by a gentleman who passed near Barlow City this morning that the state militia had been called from Wickliffe to Barlow City to preserve order, and that there was a large and formidable crowd to attend the celebrated Shelby-Taylor trial, and bloodshed is expected.

The report could not be verified, however, and quite likely is untrue, so far as the militia is concerned, at least.

Phister, who represented the Tenth Kentucky district in the Forty-sixth and Forty-seventh congresses, committed suicide at his boarding house early this morning. Phister was a clerk in the Indian Bureau. His remains will probably be taken to Maysville, Ky., for interment.

### Old Folks Folly.

A week ago Uncle William called at the Craft home, and he and Aunt Rachel, aged 101 (Uncle Bill Craft's widow) were soon engaged to be married. Uncle William is in his 98th year. ### Wants to Be Annexed.

San Diego, Cal., Dec. 17.—The secret of Henry Cooper's mission to the United States is out. Mr. Cooper is the Hawaiian minister of foreign affairs. He formerly lived in San Diego and was a prominent member of the bar. He was here yesterday and is quoted as saying that he came to the United States to urge annexation, owing to the fears that the Hawaiian government has of Japan.

The situation in Hawaii, according to Judge Cooper, is that the Japanese far outnumber all other foreigners. The Americans are a handful in com-

parison. Hawaii has already a treaty with Japan, and cannot exclude the Japanese, who are pouring into the islands steadily and pushing into every business. They are losing the business of the islands that characterizes their countrymen on this coast, and through their great numbers and the prestige of the Japanese-China war, are beginning to chafe for the elective franchise. If they force Hawaii to give them the right to vote, then American ascendancy will be at an end forever.

Another Victim of Kerosene. Monmouth, Ill., Dec. 16.—Mrs. D. M. Walker, aged 60 years, of Roseville, this county, died yesterday morning, another kerosene oil victim. While filling a lamp which stood near a lighted one Mrs. Walker filled the bowl to overflowing in her haste. She struck and broke the burning lamp, igniting the oil and her clothing. She made the usual fatal mistake of running outside, and her clothing being heavy her body was literally roasted.

### MARRIAGES.

A Well Known Young Couple Married Today.

A Visiting Couple Came to Paducah Yesterday Afternoon to be Wedded.

Miss Cora Leigh Rudolph and Mr. Albert Culver were united in marriage at 2:30 o'clock this afternoon at the residence of the bride's brother, Mr. Felix G. Rudolph, on South Sixth street. Rev. M. E. Chappell performed the ceremony, after which the couple left for the residence of the groom's father, Mr. J. T. Culver, near Lovelaceville, where they will spend a week or two.

The bride is a young lady of great popularity and the groom is a salesman for Mr. J. J. Guthrie. They will probably reside here after January 1.

Mr. R. E. Hutchinson and Miss Sylvia Quinn, the former of Mansfield and the latter of Rives, Ohio, arrived from St. Louis yesterday afternoon at 3 o'clock, where the young lady had been visiting. After supper at the Palmer they went to the residence of Rev. M. E. Chappell, of the Cumberland Presbyterian church, on South Sixth street, and were married. Today they left for home, having in store an agreeable surprise for their friends, who know nothing about their marriage.

Constable Anderson Miller went out to Y. D. Rouse's wagon yard, near La Belle park, this morning to sell a horse belonging to John Johnson, a son of the notorious Dave Johnson, on a debt to one of the Greif boys.

Johnson had made many threats of killing the man who attempted to sell his property, and the constable had a relay of officers to help him out. Johnson was there, but offered no resistance, and agreeably surprised the constable by outbidding the others and getting back his own horse.

## WENT TO CHURCH,

But Evidently He Was Looking For Trouble.

### SENSATION ON SOUTH FIFTH.

A Very Disgraceful Affair, If True—No Warrants Yet Issued.

### THE GRAND JURY MAY INVESTIGATE.

There was a sensation of prodigious proportions on South Fifth street last night at the Second Presbyterian church during and after services. The reports of the disturbance vary, but that there was a terrible tumult is undeniably true.

A well known citizen of the South Side, according to rumor, claims to have gone home and found no supper. His wife was at the church, and it is understood claims that supper was left on the table for her husband. But whether or not there was supper, there was an uproar at the church. One report was that the irate husband struck his wife with a stick in the presence of the congregation, but this is untrue from more reliable accounts. The frightened woman either fainted or had hysterics, and her husband used some very improper and indecent language, if what some of those present say be true. So far as is known this is the first trouble that ever occurred between the husband and wife, and it is very deplorable, particularly on account of their age and standing in the community.

They have children who are grown and married, and are no doubt mortified over it, and while, if reports are true, the man himself is entitled to little consideration, his name is suppressed for the press on account of others.

No warrant has yet been issued, and it is not yet known whether any will be or not. It is said the grand jury will investigate, and maybe find a bill for disturbing public worship.

Col. J. C. Carter, one of the most prominent citizens of Pottsville, Graves county, was in the city today.

Prof. Arthur Smith, who is teaching school near Birmingham, Ky., passed through the city today, en route to his home near Little Cypress from Missouri.

Mr. T. Cooney, who travels with Harris' Nickle-plate show, is in the city to spend the holidays with relatives. He says he did not come home to die, but for a far more important and enjoyable occupation.

### MAD DOG.

Miss Mary Murphy Bitten Yesterday.

Came of the City This Afternoon For a Madstone.

This afternoon Jack Murphy, who lives about two miles out on the Benton road, came to the city with his fifteen year old daughter, Miss Mary, who was yesterday bitten by a dog supposed to be rabid, near her father's place.

The animal attacked several other dogs and other animals and finally bit the young lady on the ankle.

Application was made at the city hall for a madstone and the young lady was sent to Robertson's drug store.

Town Marshal Phil Lynn, of Brooklyn, still in jail at Mound City, and an attempt will be made to liberate him on a writ of habeas corpus. The report that his bail was fixed at \$5,000 was erroneous, as he was indicted for murder, which is not bailable. A change of venue was taken to Mound City.

### SPECIAL SESSION.

Judge Thomas Calls Fiscal Court Together.

Judge Thomas has called a special term of fiscal court on December 21. All who have claims against the county should present them forthwith, the necessary funds are on hand and the county desires to discharge all its indebtedness. The road question will likely come up at this session, also. The county, it will be remembered, voted for free roads in November.

As well get the little girl a pretty doll. You can do this cheaply at the Racket Store.

#### N. C. AND ST. L. MILEAGE.

Don't forget the time card changes on next Sunday, the 20th.

Mr. and Mrs. Robert L. Darden are domiciled at the Mineral Well House for the winter.

Train 104 was delayed a few minutes this a. m. waiting for a new casting for the 122's tender.

Christmas goods are swelling the size of express shipments to a great extent the last few days.

Fireman Phil Smith was ringing the bell on the 12 this a. m. as special passed over the crossing.

Mose Storey, the way back twister, is now the swing man on local. Mose picks out that job as he is at home every night.

Officers Phillips and Barnhard are on peace keeping this week during the hours when grave yards yawn and the banshee's perambulate.

Fireman Will Kane filled the tallows pots on the 312 out last evening. He just arrived by dirt road from Smithland in time to catch his run.

Conductor Tudor, with a long string of loads, came in on time with the 117 yesterday. On the round trip he handled 61 loads and three empties.

Aboard of the special which left as second section of 104 this morning was Supt. W. J. Hills, Gen'l roadmaster I. J. Walker and special agent B. B. Lynn.

It was news to the employees as stated in the morning paper that Supt. Hills was out of the city yesterday, as he spent his usual number of hours in his office.

Coch 2 went special filled with the "Lewis Morris Faust Co." from Jackson to Nashville this morning. She will undergo a thorough overhauling in the shops there before being returned to this division.

Jack Bunker is suffering with a severe cold, caused, he says, by the sudden change from the everglades of sea girt Florida to the "cold, chilly winds of December" that blow through Paducah's avenues.

"Black Joe," the rube on caboose 98, which swings behind Conductor Tudor's train, has best his "kerzip." Joe is a fine cook and all around handy man, but as the boys state it, he got to be too "chip."

Brakeman John Hall went out this p. m. on 108 his first trip since he recovered from a spell of pneumonia. He occupies the cushioned seat on the hurricane deck of caboose 65 and will hold her gently as she rolls down the hills.

The crews of most all trains coming in now bring large bunches of mistletoe, being full of the little white berries at this season it looks very pretty. It may not be generally known, but if a branch is stuck into a potato, apple, orange or some other esculent which should be immersed in water the mistletoe will keep green and fresh for a long time.

Tommy Eaglet is the victim of misplaced anticipation. When the 80 was ordered to the Nashville shops he "kicked" to fire her through as he was anxious to view the sights of that village. At Hollow Rock junction he found a crew to take her and he and Jas. Herring, the eagle eye, had to change off to the 308 and run extras. He will be in on the ancient one tonight the first engine ever he fed diamonds to.

Engine 122 met with a slight misfortune yesterday at Somerville. In leaving the side track with twenty loads for Memphis she broke the tender casting on the back of the tender, leaving her powerless to pull her train. This was obliterated, however, by running her around to the back end and she shoved it on in. It is a cold day when Engineer Duffey and Conductor Scott can't get a train over the road.

Ed Singleton—"Big Six"—one of the best freight hands, and about the best freight handler ever employed at the depot, will throw up his job about January 1. Ed is going to return to his old occupation, that of a cross tie hustler. It is no uncommon feat for "Six" to carry 100 cross ties an hour from off the bank on to a barge. He says that the greatest number he ever hustled in one day was 898 off the barges into the cars at Mound City, but could have carried more that day only the supply was exhausted. He usually shoulders two at a time. Ed is six feet three inches tall and weighs 235 pounds, and really does not know his full strength.

### COMING EVENTS.

Marriages to Occur in the Coming Week.

There Will Be Five or More—Probably More.

Mr. Victor Van De Male, the well known traveling man, will on the 24th inst., next Thursday, be united in marriage at Great Springs to Miss Ella Gray, formerly of the city, and a sister to Mr. Will Gray. There have been rumors of this wedding for some time past. The couple met last summer at Great and formed the attachment that will ripen into marriage on Christmas eve. Both have the best wishes of their many friends. They will probably reside in Paducah after January 14.

On Christmas Eve Mr. Algee C. Plunkett, of 1011 Trimble street a well known collar maker, will be married to Miss Daisy Kimbly, a well known young lady of the North Side. They will be married probably at Metropolis, but this has not yet been definitely settled. They are worthy young people and have many friends to wish them a life of happiness.

Mr. Morris M. Gammon, a well known young paper hanger, will on the same evening be married to Miss Daisy Heflin, of 208 Court street. The ceremony will be performed at the residence of Baggage-master Flowers, 1049 Trimble street. Mr. Gammon is employed at Mr. C. C. Lee's, and is a most promising young man. His bride-to-be is a young lady with many admirers.
